Dear Sir:

While we have spoken to the Examiner regarding this matter sometime ago, we still have not received a response. Thus, we are concerned regarding the status of this application. Accordingly we are filing this request to ensure that the prosecution of this application continues.

By way of background, the following events occurred during the prosecution of this patent application.

On July 3, 2003, the Examiner mailed a non-final Office Action.

On October 1, 2003, Applicant filed a response to the July 3, 2003 Office Action.

On October 27, 2003, the Examiner mailed an Advisory Action indicating that the response to the July 3, 2003 Office Action did not put the application in a condition for allowance. We note, however, that the Examiner did not ever issue a Final Office Action.

On November 20, 2003, Applicant's representative spoke with the Examiner regarding the Advisory Action, as being improper given that a Final Office Action was never issued. Applicant also sent a Communication to the Examiner, chronicling the

error of receiving an Advisory Action following a non-final Office Action, at the Examiner's request. The Communication is attached hereto as Exhibit A. It was the Applicant understanding that the Examiner would correct the record and issue an Office Action.

On December 2, 2003, Applicant sent a follow-up Communication to the Examiner regarding the Advisory Action following a non-final Office Action. The follow-up Communication is attached hereto as Exhibit B.

On April 27, 2004, Applicant sent another follow-up Communication to the Examiner regarding the Advisory Action following a non-final Office Action which is attached hereto as Exhibit C.

REMARKS

Applicant hereby requests reconsideration of the Advisory Action mailed October 27, 2003. In the alternative, Applicant respectfully petitions the Commissioner to correct the records and issue an Office Action in response the Office Action response filed October 1, 2003, pursuant to 37 C.F.R. § 1.183.

As the Advisory Action was issued in error, no fee is believed due. However, please charge our deposit account number 11-1410 for any fees which may be required, such as the fee set forth in 37 C.F.R. § 1.17(h). A copy of this letter is enclosed for this purpose.

Please contact the undersigned with any questions or comments concerning this application.

Respectfully submitted,

Dear Sir:

It appears that an Advisory Action for the above referenced patent application was sent in error. We received a non-final Office Action, dated July 3, 2003, and responded to the July 3, 2003 Office Action in a response, dated October 1, 2003. We received an Advisory Action, dated October 27, 2003. As the prior Office Action is a non-final Office Action, we believe that this Advisory Action is in error. Correction is respectfully requested.

Respectfully submitted,
